

**BOARD OF EDUCATION
School District #33 (Chilliwack)**

**911
POLICY
Community Schools**

The Board believes in the concept of community education and encourages and supports the development of community the school district. Objectives of community schools include, but are not limited to the following:

- Use schools as lifelong learning centres.
- Promote equitable and accessible educational opportunities for children, youth and adults.
- Use school, district and community resources to enrich services to children, youth, families and the community.
- Improve community relations and community development.
- Strengthen inter-agency cooperation and coordination.
- Recognize and respond to identified community needs.

All public users of School District Facilities, including Community Schools partners, must adhere to Board of Education policies.
