TABLE OF CONTENTS

Documents are arranged in the following order:

1. Approval of Statement of Financial Information
2. Financial Information Act Submission Checklist
3. Management Report
4. Audited Financial Statements
5. Schedule of Debt
6. Schedule of Guarantee and Indemnity Agreements
7. Schedule of Remuneration and Expenses including:
 - Statement of Severance Agreements
 - Reconciliation or explanation of differences to Audited Financial Statements
8. Schedule of Payments for the Provision of Goods and Services including:
 - Reconciliation or explanation of differences to Audited Financial Statements

Statement of Financial Information for Year Ended June 30, 2016

Financial Information Act-Submission Checklist

	<i>Due Date</i>
a) ☐ A statement of assets and liabilities (audited financial statements).	<i>September 30</i>
b) ☐ An operational statement including, i) a Statement of Income and ii) a Statement of Changes in Financial Position, or, if omitted, an explanation in the Notes to Financial Statements (audited financial statements)	<i>September 30</i>
c) ☐ A schedule of debts (audited financial statements).	<i>September 30</i>
d) ☐ A schedule of guarantee and indemnity agreements including the names of the entities involved and the amount of money involved. (Note: Nil schedules can be submitted December 31).	<i>September 30</i>
e) A schedule of remuneration and expenses, including:	<i>December 31</i>
☐ i) an alphabetical list of employees earning over \$75,000, the total amount of expenses paid to or on behalf of each employee for the year reported and a consolidated total for employees earning under \$75,000. If the total wages and expenses differs from the audited financial statements, an explanation is required.	
☐ ii) a list by name and position of Board Members with the amount of any salary and expenses paid to or on behalf of the member	
☐ iii) the number of severance agreements started during the fiscal year and the range of months' pay covered by the agreement, in respect of excluded employees. If there are no agreements to report, an explanation is required	
f) ☐ An alphabetical list of suppliers receiving over \$25,000 and a consolidated total for those suppliers receiving less than \$25,000. If the total differs from the Audited Financial Statements, an explanation is required.	<i>December 31</i>
g) ☐ Approval of Statement of Financial Information.	<i>December 31</i>
h) ☐ A management report approved by the Chief Financial Officer	<i>December 31</i>

MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

MANAGEMENT REPORT

Version: 7727-6981-4999

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 33 (Chilliwack) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 33 (Chilliwack) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 33 (Chilliwack) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Education of the School District No. 33 (Chilliwack)
To the Minister of Education, Province of British Columbia

We have audited the accompanying financial statements of School District No. 33 (Chilliwack), which comprise the statement of financial position as at June 30, 2016 and the statements of operations, changes in net debt and cash flows for the year ended June 30, 2016, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Page 2

Opinion

In our opinion, the financial statements of School District No. 33 (Chilliwack) as at and for the year ended June 30, 2016 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describe the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 1 AUTHORITY AND PURPOSE

The School District operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 33(Chilliwack)", and operates as "School District No. 33 (Chilliwack)." A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 33 (Chilliwack) is exempt from federal and provincial corporate income taxes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the School District are as follows:

a) Basis of accounting

The financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board.

The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital contributions would be recorded differently under Canadian Public Sector Accounting Standards.

b) Cash and Cash Equivalents

Cash and cash equivalents include Certificates of Deposit with the Provincial Treasury that are readily convertible to known amounts of cash and that are subject to insignificant risk of change in value. These cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

e) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 (I).

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2 (a) for the impact of this policy on these financial statements.

f) Contaminated Sites

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The School District is directly responsible or accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

g) Employee Future Benefits

i) Post-Employment Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARS�) of active employees covered under the plan.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The most recent valuation of the obligation was performed at March 31, 2016 and projected to March 31, 2019. The next valuation will be performed at March 31, 2019 for use at June 30, 2019. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

ii) Pension Plans

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

h) Asset Retirement Obligations

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

i) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

j) Prepaid Expenses

Prepaid expenses consist of unexpired insurance premiums and other prepaid amounts which will be amortized over the term of the policies, or in the period the actual expense relates to, respectively.

Materials and supplies held for use within the School District are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

k) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Notes 12 – Interfund Transfers and Note 18 – Accumulated Surplus).

l) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2 (a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

m) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

n) Endowment Contributions

Endowment contributions are reported as revenue on the Statement of Operations when received. Investment income earned on endowment principal is recorded as deferred revenue if it meets the definition of a liability and is recognized as revenue in the year related expenses (disbursements) are incurred. If the investment income earned does not meet the definition of a liability, it is recognized as revenue in the year it is earned. Endowment assets are reported as restricted non-financial assets on the Statement of Financial Position.

o) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities and other liabilities.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

p) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2 a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 10 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trustee pension plans. The board of trustees for these plans represents plan members and employers and is responsible for the management of the pension plans including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are based on a formula. The Teachers' Pension Plan has about 45,000 active members from school districts, and approximately 35,000 retired members from school districts. The Municipal Pension Plan has about 185,000 active members, of which approximately 24,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2014 indicated a \$449 million funding surplus for basic pension benefits. The next valuation will be as at December 31, 2017 with results available later in 2018. The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2015 with results available in 2016. Employers participating in the Plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plans record accrued liabilities and accrued assets for the Plans in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, plan assets and cost to individual employers participating in the Plans.

The School District paid \$11,403,952 for employer contributions to these plans in the year ended June 30, 2016 (2015: \$10,802,340).

NOTE 11 RESTRICTED ASSETS - ENDOWMENT FUNDS

Donors have placed restrictions on their contributions to the endowment funds of the School District. One restriction is that the original contribution should not be spent.

Name of Endowment	Balance		Contributions	Balance

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 12 INTERFUND TRANSFERS

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2016, were as follows:

- A transfer in the amount of \$163,242 (2015 - \$60,134) was made from the operating fund to the capital fund for capital equipment purchases.

NOTE 13 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

NOTE 14 BUDGET FIGURES

Budget figures included in the financial statements were approved by the Board through the adoption of an amended annual budget on January 19, 2016. The Board adopted a preliminary annual budget on June 23, 2015. The amended budget is used for comparison purposes, as these are based on actual student enrollments. The difference between the two budgets is as follows:

NOTE 15 CONTRACTUAL OBLIGATIONS AND CONTINGENCIES

Each year the School District is involved with a number of legal actions and arbitrations. Although the outcomes of these matters are not determinable at this time, management believes they will not have a material adverse effect on the School District's financial position or results of the operation.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 16 ASSET RETIREMENT OBLIGATION

Legal liabilities may exist for the removal or disposal of asbestos in schools that will undergo major renovations or demolition. The fair value of the liability for asbestos removal or disposal will be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. As at June 30, 2016, the liability is not reasonably determinable.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 19 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

NOTE 20 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash and accounts receivable.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most accounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions.

b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. It is management's opinion that the School District is not exposed to significant interest rate risk.

SCHOOL DISTRICT NO. 33 (CHILLIWACK)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 20 RISK MANAGEMENT (Continued)

c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

d) Fair value of financial instruments:

Public Sector Accounting Standards define the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The School District uses the following methods and assumptions to estimate the fair value of each class of financial instruments for which the carrying amounts are included in the Statement of Financial Position under the following captions:

- (i) Cash and cash equivalents, accounts receivable, investments, accounts payables and accrued liabilities – the carrying amounts approximate fair value because of the short maturity of the instruments.

The financial instruments measured at fair value held within each investment are classified according to a hierarchy which includes three levels, reflecting the reliability of the inputs involved in the fair value determination. The different levels are defined as follows:

- (i) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- (ii) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- (iii) Level 3: Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

The School District's Instruments are all considered to be level 1 financial instruments for which the fair value is determined based on quoted prices in active markets. Changes in financial instruments valuation methods or in the availability of market observable inputs may result in a transfer between levels. During the year there were no significant transfers of securities between different levels.

Risk Management and Insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

School District No. 33 (Chilliwack)
Statement of Financial Information (SOFI)

Explanation of Differences to Audited Financial Statements

Fiscal Year Ended June 30, 2016

The salaries paid to employees as well as the payments disbursed to suppliers for goods and services and employee benefits premiums are disclosed on the audited financial statements as expenses, net revenues, capitalized costs or changes in accounts receivable and accounts payable.

The differences between the audited financial statements (Statement 2 – Statement of Operations) and the combined totals of the Schedule of Remuneration and Expenses and the Schedule of Payments Made of the Provision of Goods and Services are primarily as follows:

- Taxable benefits are included in the remuneration column of the Schedule of Remuneration and Expenses. The same amount is included in the Schedule of Payments Made for the Provision of Goods and Services for payments made to benefit providers.
- Accruals made at year-end for certain supplier costs and future employee benefits.
- Expenditures recovered from external organizations.
- Payments to suppliers include 100% of the Goods and Services tax, while expenditures in the financial statements are net of GST rebates.
- Depreciation of fixed assets is recorded as an expenditure on the Financial Statements whereas the Statement of Payments for the Provision of Goods and Services includes fixed asset expenditures which are capitalized on the Financial Statements.
