

RTD Cross Reference Sheet

RTD Product

RTD #33 Morning Mist (See note below)

RTD #72 H2O2 (See note below)

RTD # 5Raindance

Past Product

Omega

Blast

Airkem Neutral Cleaner

Notes:

RTD #33 – This product is a neutral disinfectant so you can use it resilient flooring and it will not soften finish. Because there is a Quat in this product it may leave some residue on surfaces. This is normal.

RTD#72 – This product is to be used as your daily multipurpose cleaner. When you encounter a difficult soil such as pen or heavy grease use Blast.

Blast – This product will still be available to use in project situations such as scrub and recoats, degreasing, mark removal on desk tops, etc.

If you are unsure about any of the recommendations mentioned above, or if you need to inquire about using one of these products in a new application, please contact Roy.
