3. **PRESENTATION – STRATEGIC PLAN UPDATE: STUDENT ACHIEVEMENT DATA**

Acting Superintendent Rohan Arul-pragasam provided a report on student achievement data as it relates to the Strategic Plan and the following priority:

| Priority | Improving student achievement and well-being through high quality instruction. (Instruction) | | |
|-----------------|--|--|--|
| Goal | All students to meet or exceed grade level expectations in literacy and numeracy. | | |
| Outcome/Measure | Description | Baseline Value | Target Value |
| | Graduation Rates | Current District & School Graduation Rates | Achievement At or Above Provincial Average |

BACKGROUND – SIX-YEAR COMPLETION RATES:

The District Six-Year Completion Rates are updated to include 2017/2018 data.

Student graduation rates are one of the Ministry of Education's key measures of educational success. The Six-Year Completion and Graduation Rates are calculated by:

- The percent of students who graduated with a British Columbia Certificate of Graduation or British Columbia Adult Graduation Diploma within six years from the first time they enroll in Grade 8, adjusted for migration in and out of British Columbia. A six-year rate provides students with an additional year beyond the five years required to move through Grades 8-12.
- The cohort is fluid, which means students leave and enter the cohort at any time, and each year the cohort count is verified on September 30 when the Ministry requests enrollment counts from school districts.
- The Chilliwack completion rate also includes students from other school districts that took one or more courses at the Fraser Valley Distance Education school after their grade 12 year, which makes them part of the Chilliwack graduation cohort.
- The count includes all students – residents and non-residents.

- The rate includes Dogwood Diplomas and Adult Dogwood Diplomas and excludes Evergreen Certificates.
- Evergreen Certificates (School Completion Certificates) can only be awarded to a students if they are students with special needs who have an IEP and who are enrolled in an educational program that is not designed to meet the graduation requirements set out in Ministerial Order 302/04, the Graduation Program Order.
- The Ministry also calculates an out-migration factor to take into consideration students who leave the province (student who leave the province are not accounted for as other provinces do not have the same information system, so no tracking of student transfers).
 - The Ministry estimates outmigration using a likelihood of migration. This is a measurement of the likelihood that a student will leave BC after entering a cohort AND will be out of BC in the last year of that cohort.
 - Because the Ministry cannot state with certainty which students actually out migrated (left the province), they use an estimate. To do this, they create a proxy group of students in Grades 2 through 4 to provide a basis for our outmigration estimate. These students, who are in the same district and present in the same school year as the students in the actual cohort, provide a reasonably sound basis for estimating actual outmigration because primary students cannot drop out.
- Overall the Chilliwack School District graduation rates have increased 4% over the last six years (from 78% to 82%) and 13% over the last twenty-one years (from 69% to 82%).
- Graduation rates for Aboriginal students have increased even more substantially, by 22% over the last six years and 24% over the last twenty-one years.
- The Chilliwack School District's Aboriginal student six-year completion rates are 10% higher than the province wide average for the 2017/18 school year.
- The District is extremely proud of this significant accomplishment and particularly the improvement for Aboriginal students, whose results are now within 3% of all students after lagging by 21% only six years ago in 2012/2013. The District aims to close this gap in the coming years.
- This improvement in student success is a direct result of a strategic focus by everyone in our school community including students, parents, teachers, District Office staff, support staff, community partners and our Board of Education, which developed both a vision and a strategic plan, setting the stage for improved student outcomes and success.
- An in-depth overview of actions and strategies that have contributed to the increasing six-year completion rates will be presented to the Board of Education at a future meeting along with the rest of the District achievement data.

BOARD OF EDUCATION

DECISION REPORT

DATE: February 26, 2019
TO: Board of Education
FROM: Gerry Slykhuis, Secretary Treasurer
RE: **INTEGRATED ARTS SCHOOL OF CHOICE - PUBLIC CONSULTATION**

RECOMMENDATION:

THAT the Board of Education approve the public consultation meetings and agenda as presented.

BACKGROUND:

The Chilliwack School District purchased the former University of the Fraser Valley (UFV) site at 45635 Yale Road. This site is 5.68 acres and includes 3 buildings totaling 71,872 square feet. The site will require some renovations and the construction of a gymnasium before it can be used as a school.

At it's meeting on January 15, 2019, the Board of Education gave approval in principle to a new Integrated Arts school of choice for grades 8-12 and a public consultation process to assist in developing a vision for the new school.

The Secretary Treasurer will present the proposed Public Consultation meeting information and agenda for Board approval. Any final approval will not occur until after public consultation meetings have taken place.

BOARD OF EDUCATION

DECISION REPORT

DATE: February 26, 2019
TO: Board of Education
FROM: Rohan Arul-pragasam, Acting Superintendent
RE: **TRUSTEE REMUNERATION ADVISORY COMMITTEE**

RECOMMENDATION

THAT the Board of Education strike an Ad Hoc Committee of community members to recommend a new annual stipend for trustees and report to the Board.

BOARD OF EDUCATION

DECISION REPORT

DATE: February 26, 2019

TO: Board of Education

FROM: Gerry Slykhuis, Secretary Treasurer

RE: PORTABLES PURCHASE

RECOMMENDATION:

THAT the Board of Education approve the purchase of five (5) portables for the 2019/2020 school year in the amount of \$734,820.

BACKGROUND:

Our district continues to face increased space demands due to continuing enrolment growth. It is estimated that an additional five (5) portables will be required for the 2019/2020 school year. Three (3) of these portables will be placed at Mount Slesse Middle School and two (2) at Vedder Middle School.

In order to acquire and install these portables prior to the next school year, the district must place an order by the end of February 2019. Each portable costs \$146,964 for an overall total cost of \$734,820. This will also be included in the Preliminary 2019/20 Budget that will come to the Board in June.

BOARD OF EDUCATION

DECISION REPORT

DATE: February 26, 2019
TO: Board of Education
FROM: Gerry Slykhuis, Secretary Treasurer
RE: **TRANS MOUNTAIN PIPELINE EXPANSION RIGHT OF WAY**

RECOMMENDATION:

THAT the Board of Education determine whether to sign an agreement providing Trans Mountain with an expansion of the right of way under the Vedder Middle School and the Watson Elementary School playing fields.

BACKGROUND:

In 2015 we were approached by a representative of Kinder Morgan regarding the expansion of the pipeline under the Vedder Middle School playing field. The decision was brought to the Board and it voted against the proposal at its October 6, 2015 meeting.

We have again been approached by a representative of Trans Mountain Corporation regarding the expansion of the pipeline under the Vedder Middle School playing field and also under the Watson Elementary School playing field.

Trans Mountain currently has an 18 metre right of way and are looking to expand it to 42 metres. Under the National Energy Board Act, the district is entitled to compensation for this right of way, as well as for any impact on the use of the land.

Under their proposed offer, the district would receive \$136,350 (\$59,400 for Vedder & \$76,950 for Watson) in compensation if the pipeline expansion goes ahead. Upon signing of the agreements, the district would also receive a payment of \$4,000 to cover costs and an agreement bonus of \$29,525.

There are four main options available to the District:

1. Accept the agreement under the current terms.
2. Serve notice that we do not accept the current offer and wish to negotiate.
3. Request arbitration before an arbitration committee. If the district is awarded more than 85% of what was in the original offer, Trans Mountain must pay all of the district's legal, appraisal and other costs. If

it is not more than 85% the arbitration committee may require Trans Mountain to pay all or some of the district's costs.

4. Do nothing pending the approval of the pipeline expansion, at which time Trans Mountain may have legal options to impose the right of way.

Original Motion (for reference only – not part of the decision report):

4.3. Pipeline

175.15

Moved By: Trustee Maahs
Seconded By: Trustee Krahn

THAT the Board of Education agree to provide Trans Mountain with an expansion of the right of way under the Vedder Middle School Playing Field.

DEFEATED

For: Maahs, Dyck

Opposed: Neufeld, McManus, Coulter, Krahn

Costs for alcohol will not be reimbursed.

TRAVEL COSTS:

Kilometers driven in a private vehicle on Board business will be reimbursed at the rate of ~~5558~~¢ per kilometer starting from your place of employment. For out-of-district trips, the maximum car travel reimbursement will equal the economy class airfare for the equivalent trip.

Reimbursement of actual costs of ferries, buses or taxis will be based upon receipts submitted.

Air travel shall be by economy class. All purchase bonuses, or other gifts of purchase, are the property of the school district.

Employees are responsible for their own medical and any additional travel insurance coverage.

Reimbursement of mileage and insurance costs for teachers are covered in the collective agreement and may differ from this policy.

LODGING EXPENSES:

The Board shall reimburse lodging costs based on receipts submitted. Wherever possible, when travelling in British Columbia, accommodation should be arranged in hotels/motels listed in the Business Travel Guide published by the BC government, at the government rate. Receipts must be attached for all lodging expenses, including hotel invoices.

In cases where there is not a charge for accommodation (e.g. home of a friend or relative), a claim for \$20 per night may be made.

EXTENDED STAYS OR TRAVELLING WITH COMPANIONS:

The Board will only reimburse travel costs and hotel lodging for the employee.

GIFTS & HONORARIA:

There may be, from time to time, a need for an employee to incur other kinds of expenses such as hosting and/or gifts for others. The actual costs of such expenses will be reimbursed on the approval of the supervisor.

PURCHASE CARDS:

Purchase cards are for district business and may not be used for personal expenses. Purchase cards are expected to be used wherever possible for all business related expenses instead of personal credit cards.

ANNUAL REVIEW:

All per diem and other cost rates will be reviewed annually.

BOARD OF EDUCATION

INFORMATION REPORT

DATE: February 26, 2019
TO: Board of Education
FROM: Mark Friesen, Assistant Secretary Treasurer
RE: **709.2 ADMINISTRATIVE REGULATION - PURCHASING**

The Assistant Secretary Treasurer will present Administrative Regulation 709.2 for information.

**BOARD OF EDUCATION
School District #33 (Chilliwack)**

**709.2
ADMINISTRATIVE REGULATION
Purchasing**

PURCHASING OBJECTIVES

The following objectives for School District procurement activity for goods, services and construction are based on the principles of fair and open public sector procurement: competition, value for money, transparency and accountability.

The primary function of the Purchasing Department is to assist Schools and Departments in obtaining the goods and services they require at the best value for their money, while ensuring that all acquisitions are consistent with policy, applicable legislation, and terms and conditions of Federal and Provincial trade agreements.

All purchases of goods and/or services may be processed via one of the following four methods of acquisition:

- 1) Purchase Order
- 2) Purchasing Card (PCard)
- 3) Online
- 4) Reimbursement of purchases made with personal funds

All purchase orders must be created through the SDS accounting system. Purchase orders do not have to be created if using a purchase card, ordering on-line with a credit card, or if using personal funds. However, in all cases, the purchase must be approved by the site supervisor prior to the goods or services being acquired.

PURCHASING LIMITS AND AUTHORIZATIONS

All purchases made by District personnel using funds held in district accounts are covered by the following procedures.

School/Department Purchases

Schools and departments may make purchases of up to \$5,000 per transaction either on a purchase order or through the use of a District Purchasing Card (PCard) subject to limitations as outlined in the Specialized Equipment section.

Cross Refs: NWPTA (New West Partnership Trade Agreement)

Adopted: May 23, 1979

Reviewed:

Revised: May, 2012, January 9, 2013

Items where the value is greater than \$5,000 must be purchased through the purchasing department.

Administrative Officers and Department Managers must undertake an informal competitive bidding process (through school/department staff or with the assistance of the purchasing department) for purchases of individual items with a value greater than \$2,500 but less than \$25,000. Formal competitive bidding guidelines must be followed, as outlined below, for items over \$25,000.

Informal Method:

- District personnel purchasing items valued between \$2,500 and \$25,000 **MUST** get three written quotations, at a minimum.
- Schools are encouraged to get quotations on items with a value less than \$2,500 as this can result in significant savings to the school.

Formal Method:

- Where the value is greater than \$25,000 competitive pricing must be obtained by means of a solicitation of public bids. This process will be done by the Purchasing Department in consultation with the school/department.

Purchase orders up to \$1,000 are to be authorized and released to the vendor(s) at the school/department level. Purchase orders between \$1,000 and \$9,999 are to be reviewed, authorized and released to the vendor(s) by the Purchasing Department. Purchase orders exceeding \$10,000 must be reviewed, authorized and released by the Director of Finance or designate.

Purchasing Card (PCard) orders may be processed by card holders up to the limits on their individual cards. PCard orders exceeding the set limits must be approved by the Director of Finance or designate. Please refer to the "Purchase card Program User Guide" for specific regulations around the use of purchase cards.

Online orders may be processed by authorized staff up to \$1,000, and up to \$2,500 for Administrative Officers. Online orders exceeding the \$1,000 limit must be authorized, and the vendor notified, by the school's Administrative Officer or designated Approver.

It is the responsibility of the Administrative Officer to ensure that good value is obtained. Schools wishing to take advantage of competitive pricing may submit requests to the Purchasing Department for purchases of any value.

- The Administrative Officer or delegate must authorize all requests from schools.

Administrative, Educational and Operations Department Purchases

The following exceptions will apply to the general rules listed above for Administrative, Educational or Operations Departments (Maintenance, Custodial, Transportation, Purchasing, Finance, Human Resources, etc.):

Purchases of a recurring nature throughout the year may be made through Standing/Open Orders to a maximum of \$10,000 **per year** in consultation with the Purchasing Department. Any Standing/Open Order exceeding the \$10,000 limit must be closed, and a new one issued.

Standing/Open Purchase Order: A standing/open order is a purchase order which has been issued to a vendor for goods or services of a recurring nature, and against which specified purchases may be made for a specified period of time. When repeated purchases of the same type of supply items or services are expected, multiple purchase orders may be eliminated by submitting one purchase requisition to establish a standing/open order.

Recurring purchases totaling more than \$25,000 must be publicly tendered by the Purchasing Department.

Any department wishing to take advantage of competitive pricing may submit requests to the Purchasing Department for purchases of any value.

SPECIALIZED PURCHASES

Purchase of Specialized or Used Equipment

In the interest of standardization, economy of scale, and efficiency, supporting departments (i.e. Maintenance, IT) must be consulted on all specialized purchases to ensure value, consistency and operational supportability. Equipment and other purchases made without consultation may not be supported.

| Type of Purchase | Approval required from |
|---|--|
| Appliances | Director Finance or Designate and/or Heating Foreman |
| Audio Visual, TV's | Director of Finance or Designate and/or Tech Foreman |
| Building Modifications & Maintenance | Director of Operations and/or Manager of Maintenance |
| Computer Hardware, Software, Peripherals and Projectors | Director of Instruction/IT Foreman |
| Land and/or Buildings | Board of Education through Secretary Treasurer |
| Office and School furniture | Director of Finance or Designate |
| Photocopiers, printers, faxes | Director of Finance or Designate |
| Playgrounds, outdoor furniture | Director of Operations and/or Director of Finance or Designate |

| | |
|-----------------------------------|---|
| Purchasing Cards | Director of Finance and/or Manager of Finance |
| Recycling | Custodial Manager and/or Director of Finance or Designate |
| Special/Unique | Director of Finance or Designate |
| Telephone Service and Cell Phones | Director of Finance or Designate |
| Vehicles | Director of Operations |
| Waste disposal | Custodial Manager and/or Director of Finance or Designate |

Electrical and Electronic Equipment

Appliances, Audio Visual, electrical and electronic equipment should be purchased through the Purchasing Department to ensure that CSA standards, repair and maintenance, energy conservation considerations and District standardization policies are met. (eg. Refrigerators, Stoves, Projectors, TV's, VCR's, DVD's, PA Systems, etc.)

Computer Equipment

Computer equipment must be purchased through the Purchasing Department to ensure that District standardization policies are met. (eg. Laptops, Desktops, Servers, Printers, Peripherals). Requests for upgrade or addition of minor peripherals (ie hard drives, computer memory, USB "thumb" drives, extension cables, headphones, etc.) to existing computer equipment can be placed directly with the District computer technicians department via a work order. District technicians can offer assistance with selection based on personal requirements and compatibility.

Software

All core software (i.e. operating systems, office productivity (MS Office), antivirus, network security, etc) must be requested and/or purchased through the IT Department via a web-work order. All other software must be acquired through the Purchasing Department. The IT Department must be consulted before acquiring any software application to determine suitability and compatibility with existing or future District technology infrastructure.

Land and Buildings

The purchase or acquisition or disposal of land and property requires Board of Education approval through the office of the Secretary Treasurer.

Furniture

Furniture should be purchased through the Purchasing Department in order to ensure that repair and maintenance considerations and the District standardization policies are met.

Photocopiers, Printers and Faxes

Photocopiers, printers, etc., must be purchased through the Purchasing Department in order to ensure that repair and maintenance considerations and the District standardization policies are met.

Purchasing Cards

The District uses purchasing cards as an efficient way to handle a variety of transactions. The Finance Department issues the cards, and there are standard limits for daily, monthly and per item transactions. These can be adjusted to meet the needs of the school or department.

Used Equipment

Where the purchase of used equipment is advantageous, the purchase should be handled through normal purchasing procedures. If the used equipment is subject to repair and maintenance by another department, the equipment must be inspected/examined by that department, to determine whether the maintenance and repair considerations outweigh the value of the purchase.

Purchases of Items from outside of Canada

Due to potential problems with CSA approval, warranties, customs clearance, duty, brokerage and AMPS legislation, all supplies and equipment should be purchased from Canadian suppliers, unless the required item is not available in Canada, in which case the purchase should be made through the Purchasing Department.

Supplier Relations:

In all procurement activities, School District Staff shall meet the legal and ethical requirements for competitive bidding by:

- Keeping competition open and fair in determining whether the supplier's product meets specifications and the educational needs of the District.
- Making suppliers aware of the competitive requirements of the District's purchasing policy, and avoiding the appearance of making a commitment to purchase where competitive pricing is to be obtained.
- In all cases refusing any personal gift or advantage of any kind.
- Refraining from soliciting funds or materials from vendors where there is any possibility of any connection (perceived or real) to a purchase.
- Respecting the confidences of all suppliers whenever possible with the understanding that the School District is subject to the Freedom of Information and Protection of Privacy legislation.
- Representing the School District in a courteous and professional manner.

- Procuring goods and services with due regard for our environment.
- Providing reasonable opportunities for qualified suppliers and contractors to seek the School District's business.

Purchases on Behalf of Staff

Employees may not use the School District letterhead, purchase order or purchasing card to obtain personal goods or services, or to acquire discounts or sales exemptions for personal purchases. In addition, items purchased for the School District are not to be sold to staff except as allowed by the due process specified under the Sale of Obsolete Assets section.

Purchases from Staff

Schools and Departments shall not purchase supplies or services from staff. While in most circumstances supplies or services are offered with the best of intentions, issues of conflict of interest (**or perceptions of conflict of interest**) and issues of supplier access make such purchases inadvisable. The only acceptable exception might be a purchase from a legitimate business (i.e. The School District is only one of many customers, and proper Purchasing procedures have been followed).

Contracts

Schools and support departments should not enter into any verbal and/or written contractual agreement(s) without consulting the Secretary Treasurer or the Director of Finance.

Administrative Officers and Business Managers are not legal signing authorities for the School District, and cannot, therefore, legally bind the School District into any contract.

Sale or Disposal of Obsolete or Surplus Assets:

- Equity in school and other equipment belongs to the School District as a whole. Surplus equipment shall be turned in to the Maintenance, IT or Purchasing departments for reassignment or disposal. However, a School or Department may transfer the old equipment, at a negotiated amount, to another school.
- Surplus items that are no longer useful within the School District but are in saleable condition shall be listed and put out to bid or public auction. The Manager of Maintenance shall manage the sale of such items.
- All items that are beyond a reasonable economic repair or which have no value at sale shall be disposed of as scrap. The Manager of Maintenance shall arrange disposal after exploring all recycling options and using the most environmentally sensitive means available.

- Occasionally, offers may be received on individual items awaiting disposal. Where these items have a realizable sale value of under \$200, the offer may be considered and decided by the Secretary-Treasurer in consultation with the Manager of Maintenance. For items with a value above \$200, the sale shall be by competitive bid or auction.
- Proceeds from the sale of surplus assets shall be applied against the costs of conducting the sale. Any net profit will be applied to the Local Capital Reserve.

PURCHASING OBJECTIVES

The following objectives for School District procurement activity for goods, services and construction are based on the principles of fair and open public sector procurement: competition, value for money, transparency and accountability.

Schools and Departments should endeavor to obtain the goods and services they require at the best value for their money, while ensuring that all acquisitions are consistent with policy, applicable legislation, and terms and conditions of Federal and Provincial trade agreements. **All** purchases made by District personnel using funds held in District accounts are covered by the following procedures.

PURCHASING METHODS

Purchases of goods and/or services can be processed by using one of the following methods:

1) Purchase Order

The purchase order is a written commitment to a vendor contracting for the supply of supplies, services or equipment. It is authorized by the site supervisor and then created through the District's accounting program.

- Purchase orders over \$1,000 will be reviewed, authorized and released to the vendor(s) by the Finance Department.
- Purchase orders exceeding \$10,000 must be reviewed, authorized and released by the Assistant ST or designate.

2) Purchasing Card (PCard)

Purchase Cards are an efficient way to handle a variety of transactions and are to be used in line with the limits on the cardholder's individual cards.

- The PCard may only be used by the person named on the front of the card.
- The maximum amount per transaction is \$5,000.

Cross Refs: NWPTA (New West Partnership Trade Agreement)

Adopted: May 23, 1979

Reviewed:

Revised: May, 2012, January 9, 2013, February 26, 2019

- Purchases exceeding the set limits must be approved by the Assistant ST or designate.
- The Finance Department may make a recommendation to use a PCard instead of issuing a PO when that is determined to be the most appropriate approach.
- Cardholders should refer to the Program User Guide for specific regulations around the use of purchase cards.
- Cardholders must submit a monthly PCard statement, including receipts for individual purchases, to their supervisor (or designate) for approval.

3) **Reimbursement of Purchases made with Personal Funds**

This option is designed for employees that do not have access to a district PCard. Any one purchase should not exceed \$1,000.

4) **Petty Cash**

These funds are to be used primarily to purchase low value miscellaneous consumable supplies of an emergent nature. The petty cash system should not be used to circumvent the established purchasing procedures.

5) **Approved Vendor Accounts**

Schools or departments can request to have vendor purchases put on account whereby the school district will be invoiced monthly by the vendor for purchases made throughout the month. Vendor accounts are approved and maintained at the discretion of Finance and the vendor. All purchases must be approved by the department manager or school administrator. Invoices must be approved and forwarded to Finance in a timely manner.

6) **Contracts or Service Agreements**

A Contract or Service Agreement is used to purchase goods or services to be supplied over a period of time at a fixed or negotiated price (i.e. equipment leases, garbage disposal/recycling, etc.) or for the ongoing maintenance of certain types of equipment (i.e. photocopiers, specialized equipment, etc.).

A Service Agreement may also be used when a contractor is needed to provide a service at a district site (i.e. cafeteria services, academy coaches or other individuals working directly with students under the supervision of a teacher).

- A [District Service Agreement](#) is used for high risk contracts (of any value) or for contracts over \$1,000 in value.
- Schools and support departments should not enter into any verbal and/or written contractual agreement(s) without consulting the Secretary Treasurer or the Assistant ST.
- Administrative Officers and Managers are not legal signing authorities for the School District and therefore, cannot legally bind the School District into any contract.

7) **Tendering Process**

Request for Proposals (RFP), Request for Tenders (RFT) and Request for Quotations (RFQ) are formal competitive bidding documents and processes used for larger dollar value purchases where it is considered to be in the District's interest to incur the additional time and cost involved to:

- Access value added offers from qualified vendors.
- Support fair and open bidding competition.
- Utilize quantitative, qualitative and objective analysis for vendor selection and award.

When tendering services, the subsequent contract should be for a fixed term (e.g. 5 years) to ensure that the service remains competitive. Existing contracts should be reviewed to determine if tendering is required. Tender notices are published through BCBid at www.bcbid.gov.bc.ca

PURCHASING GUIDELINES

Specialized Purchases

All purchases (regardless of value) are subject to limitations as outlined in the Specialized Purchases Section (Appendix A). Approval is also required by the site supervisor or manager.

Dollar Value Limits on Purchases of Goods and Services

| Estimated Lifetime Value (*) of the Purchase | Minimum Action to be Taken | Purchasing Method |
|---|---|---|
| Up to \$25,000 | At discretion of the site supervisor or designate (Schools are encouraged to get multiple quotations on items with a value over \$5,000 as this can result in significant savings to the school.) | PCard (up to \$5,000) Purchase Order, Contract or Service Agreement, Vendor Account |
| Between \$25,000 and \$75,000 | Three (3) written quotations from vendors. | Purchase Order, Contract or Service Agreement |
| Over \$75,000 | Tender Process through BC Bid | Contract or Service Agreement |

*** Lifetime Value**

Purchases are based on the lifetime value of the purchase. This is the total cost of performing the intended function over the lifetime of the task. For example, a \$5,000 annual contract over 5 years = \$25,000 total lifetime value.

Dollar Value Limits on Construction

| | |
|------------------------|--|
| Less than \$100,000 | At discretion of the Director of Facilities & Transportation. |
| \$100,000 to \$200,000 | Minimum of three (3) written quotes from vendors. |
| Over \$200,000 | Tender Process is followed using BC Bid that provides open access to all interested vendors. |

Exceptions

Exceptions to the **three (3) written quotations** are only permitted when time constraints will not allow time for the competitive bid process in instances such as;

- When supplies, services and equipment are urgently required for the delivery of education;
- To avoid significant financial loss through damage to facilities and equipment, or;
- Where safety or operational needs require urgent attention.

With respect to these exceptions, the Assistant Secretary Treasurer, Director of Facilities & Transportation, with the approval of the Secretary Treasurer, may obtain direct quotations from suppliers and award the contract.

New West Partnership Trade Agreement (NWPTA)

Under this agreement construction is defined as: A construction, reconstruction, demolition, repair or renovation of a building, structure or other civil engineering or architectural work and includes site preparation, excavation, drilling, seismic investigation, the supply of products and materials, the supply of equipment and machinery if they are included in and incidental to the construction, and the installation and repair of fixtures of a building, structure or other civil engineering or architectural work, but does not include professional consulting services related to the construction contract unless they are included in the procurement. The foregoing are stated as minimum actions to be taken and do not prohibit more extensive price acquisition activity.

Supplier Relations

In all procurement activities, School District Staff shall meet the legal and ethical requirements for competitive bidding by:

- Keeping competition open and fair in determining whether the supplier's product meets specifications and the educational needs of the District.
- Making suppliers aware of the competitive requirements of the District's purchasing policy, and avoiding the appearance of making a commitment to purchase where competitive pricing is to be obtained.

- In all cases refusing any personal gift or advantage of any kind.
- Refraining from soliciting funds or materials from vendors where there is any possibility of any connection (perceived or real) to a purchase.
- Respecting the confidences of all suppliers whenever possible with the understanding that the School District is subject to the Freedom of Information and Protection of Privacy legislation.
- Representing the School District in a courteous and professional manner.
- Procuring goods and services with due regard for our environment.
- Providing reasonable opportunities for qualified suppliers and contractors to seek the School District's business.

Purchases on Behalf of Staff

Employees may not use the School District branding, purchase order or purchasing card to obtain personal goods or services, or to acquire discounts or sales exemptions for personal purchases. In addition, items purchased for the School District are not to be sold to staff except as allowed by the due process specified under the Sale of Obsolete Assets section.

Purchases from Staff

Schools and Departments shall not purchase supplies or services from staff. While in most circumstances supplies or services are offered with the best of intentions, issues of conflict of interest (**or perceptions of conflict of interest**) and issues of supplier access make such purchases inadvisable. The only acceptable exception might be a purchase from a legitimate business (i.e. The School District is only one of many customers, and proper Purchasing procedures have been followed).

Sale or Disposal of Obsolete or Surplus Assets

- Equity in school and other equipment belongs to the School District as a whole. Surplus equipment shall be turned in to the Maintenance, or IT departments for reassignment or disposal. However, a School or Department may transfer the old equipment, at a negotiated amount, to another school.
- Surplus items that are no longer useful within the School District but are in saleable condition shall be listed and put out to bid or public auction. The Director of Facilities shall manage the sale of such items.
- All items that are beyond a reasonable economic repair or which have no value at sale shall be disposed of as scrap. The Manager of Facilities

shall arrange disposal after exploring all recycling options and using the most environmentally sensitive means available.

Occasionally, offers may be received on individual items awaiting disposal. Where these items have a realizable sale value of under \$200, the offer may be considered and decided by the Secretary-Treasurer in consultation with the Director of Facilities. For items with a value above \$200, the sale shall be by competitive bid or auction.

- Proceeds from the sale of surplus assets shall be applied against the costs of conducting the sale. Any net profit will be applied to the Local Capital Reserve.

APPENDIX A

SPECIALIZED PURCHASES

Purchase of Specialized or Used Equipment

In the interest of standardization, economy of scale, and efficiency, supporting departments (i.e. Maintenance, IT) must be consulted on all specialized purchases to ensure value, consistency and operational supportability. Equipment and other purchases made without consultation may not be supported.

| Type of Purchase | Approval required from |
|---|--|
| Appliances | Director of Facilities or Heating Foreman |
| Audio Visual, TV's | Manager of Technology or IT Foreman |
| Building Modifications & Maintenance | Director of Facilities or Manager of Facilities |
| Computer Hardware, Software, Peripherals and Projectors | Manager of Technology or IT Foreman |
| Land and/or Buildings | Board of Education through Secretary Treasurer |
| Office and School furniture | Director of Facilities or Manager of Facilities |
| Photocopiers and printers | Director of Instruction or Manager of Technology |
| Playgrounds, outdoor furniture | Director of Facilities or Manager of Facilities |
| Purchasing Cards | Assistant ST or Manager of Finance |
| Recycling | Manager of Facilities |
| Special/Unique | Discuss with Assistant ST |
| Telephone Service and Cell Phones | Manager of Technology |
| Vehicles | Director of Facilities |
| Waste disposal | Manager of Facilities |

Electrical and Electronic Equipment

Appliances, Audio Visual, electrical and electronic equipment should be purchased through the Facilities Department to ensure that CSA standards, repair and maintenance, energy conservation considerations and District standardization policies are met. (e.g. Refrigerators, Stoves, Projectors, TV's, DVD's, PA Systems, etc.)

Computers and Accessories

Schools may buy items off of the IT price list (on SharePoint) directly from the vendors listed. Special orders must be approved by IT. Replacement of computers covered under the Computer Evergreen Program must be done in consultation with IT.

Apple Products

Schools may buy iPads off of the IT price list direct from Apple (not purchase card). All purchases of Apple computers must be approved by IT.

Software

All core software (i.e. operating systems, office productivity (MS Office), antivirus, network security, etc.) must be requested and/or purchased through the IT Department via a web-work order. All other software may be acquired directly by a school/department. The IT Department must be consulted before acquiring any software application to determine suitability and compatibility with existing or future District technology infrastructure.

Mobile/Cloud Based Apps

Schools may purchase single mobile apps. Schools may also request access to purchase apps in volume. Cloud based apps must have a Privacy Impact Assessment on file.

Land and Buildings

The purchase or acquisition or disposal of land and property requires Board of Education approval through the office of the Secretary Treasurer.

Furniture

Furniture should be purchased through the Facilities Department in order to ensure that repair and maintenance considerations and the District standardization policies are met. Small items that aren't part of the standard office or classroom can be purchased directly by the school/department.

Photocopiers and Printers

Photocopiers, printers, etc., must be purchased through the IT Department in order to ensure that repair and maintenance considerations and the District standardization policies are met.

Used Equipment

Where the purchase of used equipment is advantageous, the purchase should be handled through normal purchasing procedures. If the used equipment is subject to repair and maintenance by another department, the equipment must

be inspected/examined by that department, to determine whether the maintenance and repair considerations outweigh the value of the purchase.

Purchases of Items from outside of Canada

Due to potential problems with CSA approval, warranties, customs clearance, duty, brokerage and AMPS legislation, all supplies and equipment should be purchased from Canadian suppliers, unless the required item is not available in Canada, in which case the request should be reviewed by the Finance Department before proceeding.
