G.W. Graham Addition Update

G.W. GRAHAM SECONDARY ADDITION Project Completion Update

Two significant events have slowed the construction progress at GWG. Starting with the road closures from Nov 15th to Dec 2nd followed by significant snow and/or ice on Dec 20th, Jan 6th, Jan 7th, Jan 10th, and Jan 11th. These events have stopped or limited the contractors ability to work at the site. COVID-19 is also causing reduced construction staff which limits the amount of work force.

The academic wing has been identified as the priority for September completion and construction efforts will be focused there.

We will continue to monitor the schedule with a review again once the roof is complete.
