

FSA
*Administer with
Care*

Our Background with the FSA:

Grade 4 teachers

District marking

Provincial FSA Monitoring

FSA Objectives:

Make the FSA a positive learning experience for our students

Provide adaptations and support so that students can "show what they know"

Model effective, compassionate FSA strategies for teachers

Our Plan

OBJECTIVES:

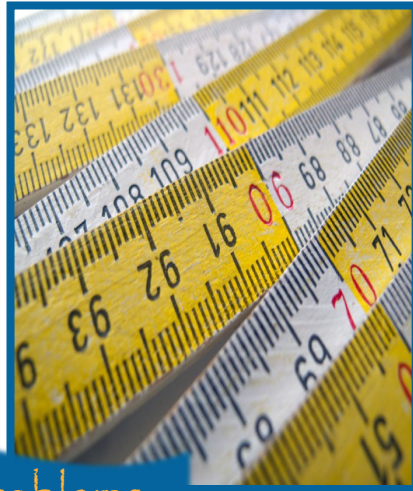

Pilot Project with 5 schools

Game format that incorporated several ways students could demonstrate their learning

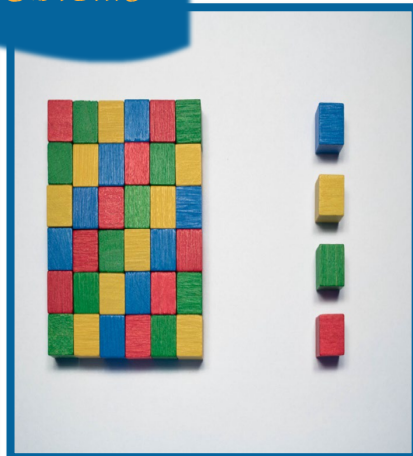

Collaborative problem-solving activities to encourage flexible mathematical thinking

Provide support to teachers with administering the FSA

Word Problems

School Level:

Supported 9 Elementary
and 3 Middle schools

Directly supported 24
Teachers

Classroom Level:

Increased student
learning resilience

Teachers facilitating the
FSA based on their
strengths

Results

Next Steps

In June, move the FSA Games
at the Pilot Schools into the
Grade 3 classes

Providing all the schools with
an FSA Kit for September

Math Monday...is also Math
Wednesday
