

ONE SCHOOL, ONE BOOK

"I liked winning a prize when I put in my answers to the office." - Student

"My daughter was really excited to see and guess which teacher was going to read the next chapter on-line. She was really excited when it was the principal." - Parent

"All of my students were excited about reading Charlie and the Chocolate Factory. It is a great way to promote literacy." - Teacher

BERNARD ELEMENTARY: ONE SCHOOL, ONE BOOK

Charlie and the Chocolate Factory, by Roald Dahl

Grades K - 5

Bernard Elementary recently participated in our annual One School, One Book activity. Every student received a copy of Charlie and the Chocolate Factory by *Roald Dahl* to create a shared reading experience within our school community. Over the course of three weeks we had daily activities that promoted and enriched the shared reading experience. A big thank you to Mayor Popove for "kicking off" the event by reading chapters 1 - 3 to our entire student population.

Strat Plan Connection

The purpose of One School, One Book is to create a culture of literacy in every home and reading aloud to children will help them become better readers. We want to provide opportunities to develop students' proficiency in foundational literacy skills and increase their abilities, confidence and willingness to engage in meaningful ways.
