

# TRANSITIONS

This school start-up saw many young leaders in our middle and secondary schools supporting incoming grade 6 and 9 students through mentorship programs such as **Mamele**, **RISE**, and **LINK**. Students were invited to the school the week before opening for tours, games, locker training, and lunch. Support from mentors continued into the first week of school. All activities were planned and facilitated by the peer mentors and supported by staff. These programs build community within the school, build leaders, and increase connectedness.

*"The program has been a success and eased the worries of many students as they transitioned to middle school."*  
~Stacey Pickles,  
Principal CMS

Leadership

Community

Connectedness

- ✓ Inclusivity
- ✓ Human & Social Development
- ✓ Collaboration
