4. INFORMATION ITEMS

- Chair Report
 - We had Shawnee Kruger give us a Halq'eméylem language lesson last night where we learned the sounds of the Halq'eméylem alphabet, greetings and how to use the firstvoices.ca website. I encourage everyone to go to the website and learn this incredible language of this land.
 - This month we also made it through the provincial election. While things are still being worked out a bit it looks like Heather Maas and A'A:liya Warbus are our new MLA's. Congrats to them both and thank you to Kelli Paddon and Dan Coulter for their service over the last 4 years to our city.
 - As Trustee Heather Maah is still a sitting School Board Trustee there are a few things that might happen from here. Trustee Maas is not obligated to resign from her Trustee role, though it is expected that she will. Nothing changes until she sends a letter of resignation and when and if that happens is solely up to her discretion. If she does resign, a by-election will be held within 4 months which the school district is obligated to pay for.

Executive Summary:

Chilliwack DPAC is dedicated to enhancing the quality of education within the Chilliwack School District by supporting Parent Advisory Councils (PACs) and fostering effective communication between parents, schools, and the district. Our mission is to empower parents to play an active role in their students' education and advocate for policies and practices that benefit all students.

Mission Statement:

To educate, inform, and empower parents to be partners in the education of their children.

Objectives:

Enhance Parent Engagement: Promote parent participation in school-related activities and decision-making processes through advocacy, communication, support, and education.

Strengthen PAC Support: Provide training, resources, and networking opportunities to support PACs across all schools in the district.

Advocate for Student Success: Act as a unified voice for parents to advocate for improved educational policies, programs, and funding.

Improve Communication: Facilitate effective communication between parents, schools, and the district through regular updates, meetings, and forums.

Environment Scan:

The Chilliwack School District serves a diverse population of students and parents. The district's rapid growth presents both opportunities and challenges. As a central body, DPAC can help bridge communication gaps, address common concerns, and provide a platform for all parents to voice their opinions.

Services and Programs:

Workshops and Training: Organize workshops for parents on topics that align with the DPAC goals and membership direction.

Monthly Meetings: Hold monthly meetings to discuss and provide updates on DPAC business, initiatives, district policies, and share best practices.

Resource Development: Create and distribute materials (e.g., newsletters, guides) to help PACs enhance their impact.

Advocacy Campaigns: Launch campaigns to advocate for key issues such as increased funding, special education support, and curriculum improvements.

Outreach Plan:

Social Media Presence: Utilize online platforms to reach a wider parent audience.

District Partnerships: Collaborate with PACs and the District to distribute information through social media, websites, and direct communication with parents.

Funding Strategy:

Grants: Apply for the DPAC Gaming grant from Community Gaming Grants Program in BC.

District Support: Collaboratively work with the District to ensure financial support.

Donations: Apply for in-kind donations from local businesses and community members, where appropriate to support DPAC events.

Operations Plan:

Leadership Team: Composed of elected parent representatives, including a Chair, Vice-Chair, Treasurer, and Secretary, who oversee daily operations.

Volunteers: Engage parent volunteers for committee work and outreach efforts.

Meetings: Hold monthly DPAC meetings and training sessions for PAC members.

Financial Projections:

Expenses: Estimated 2024-2025 expenses of \$11,600 for events, workshops, trainings and materials.

Revenue: Projected revenue of \$2,500 from the BC Gaming Grant, \$5000 from the Chilliwack School District and leftover funds from contingency.

Milestones:

Fall: Connect with PACs and parents to further the DPAC mission and launch the parent workshops schedule.

Winter: Host monthly meetings and parent workshops while furthering advocacy efforts.

Spring: Connect and collaborate with PACs and parents to begin to develop a comprehensive advocacy strategy for the next school year.

June: Evaluate progress and set new goals for the upcoming year.

Conclusion:

Chilliwack DPAC is committed to fostering a collaborative environment where parents, schools, and the district work together to achieve the best outcomes for all students.
