Key Priorities Aligned With The Board's Strategic Plan For 2026-2027 School Year		
Implementation Of An Inclusive Support Framework For Human Flourishing	Alternate School Redesign: Strengthening Engagement, Connection, and Learning	Middle School: Strengthening the Quality of Teaching and Learning
Co-develop a robust Inclusive framework to support students whose needs currently prevent <i>meaningful engagement in learning</i> . Grounded in UDL, inclusive education principles, and a tiered support framework, this work aims to build a <i>fluid, responsive system that strengthens students' capacity for regulation, communication, and engagement</i> while upholding every student's dignity and right to an equitable, safe learning environment. This framework will require consultation with partners and will be championed by the Board of Education to support implementation of the strategic plan.	Alternative learning in SD33 is a K–12 commitment to responsive, inclusive pathways that begin early, keep the whole student story at the centre, and <i>re-engage learners through flexible structures, strong relationships, and coordinated supports, ensuring dignity, belonging, and meaningful progress toward graduation and long-term success</i> . This will also include reimagining learning spaces at KSS (T3) to strengthen connection, engagement, and learning. Portfolio will also include working with the other Assistant Superintendents to reimagine the learning space at Cheam Elementary, effective September 2027.	Design for All Learners: Strengthen inclusive, high-quality Tier 1 instruction through UDL and RTI so learning is intentionally designed to meet learner variability and reduce barriers. Meaningful, Engaging Learning: Expand student voice, choice, inquiry, and real-world connections to make learning relevant, collaborative, and engaging for middle-years learners. Shared Responsibility for Success: Use collaborative teams, strong learning plans and IEPs, and collective problem-solving to ensure every learner is known, supported, and successful early on.
